

*Angel G. Estrada, Chair*  
*Mary D. Ameen, Executive Director*

**NJTPA Public Workshop:**  
**The Air Quality Conformity Determination Process for**  
**Northern and Central New Jersey**  
**Tuesday, August 6, 2019**  
**2:00– 4:00 PM**

---

**AGENDA**

- I. Introduction to the Conformity Process** (Liz DeRuchie, NJTPA)
- II. Project Classification and Coding Strategies** (Markus Kusuma, Stantec)
  - Categorizing projects for transportation modeling purposes
- III. Overview of the Enhanced North Jersey Regional Transportation Model (NJRTME)** (Markus Kusuma, Stantec)
  - Using the model to estimate Vehicle Miles Traveled (VMT) in the region
- IV. Post-Processor for Air Quality (PPSUITE)** (Anna Aleynick, AECOM)
  - Converting transportation model output for compatibility with the USEPA MOVES emissions model
- V. Emissions Analysis** (Anna Aleynick, AECOM)
  - Estimating mobile sources emissions for the region using EPA's MOVES model
  - Comparing estimated emissions with transportation emissions budgets in the New Jersey State Implementation Plan (SIP)
- VI. Questions and Discussion**
