

## North Jersey Transportation Planning Authority, Inc.

## REGIONAL TRANSPORTATION ADVISORY COMMITTEE (RTAC)

Mark Jehnke, Chair Byron Nicholas, Vice Chair

## VIRTUAL MEETING AGENDA February 8, 2021 10:30 AM

Please join my meeting from your computer, tablet or smartphone. https://global.gotomeeting.com/join/411000965

> You can also dial in using your phone. United States: +1 (571) 317-3122

> > Access Code: 411-000-965

- I. Roll Call
- II. Approval of Minutes
- III. TMA Report Tara Shepherd, goHunterdon
- IV. Presentation: FY 2022 Unified Planning Work Program Angel Young, Central Staff
- V. Information Items
  - 1. Title VI Implementation Plan Update Karen Rosenberger, Central Staff
  - 2. Draft FY 2022 Transportation Improvement Program Development: Project Scores Ann Ludwig, Central Staff
  - 3. Transportation Demand Management and Mobility Plan Peter Bilton, Central Staff
  - 4. Plan 2050 Development Update Lois Goldman and Ted Ritter, Central Staff
  - 5. TNJ Initiative Update Jeff Perlman, Central Staff
- VI. Review of Standing Committee Action Items

#### **Project Prioritization Committee**

- 1. Modifications to the FY 2020 2023 Transportation Improvement Program to Add Funding to Four Projects as Requested by the New Jersey Department of Transportation Eve Chamberlain, Central Staff (Attachment PPC-1)
  - Route 46, Pequannock Street to CR 513 (West Main Street), Morris County
  - Route 1&9, Interchange at Route I-278, Union County

- Route 18, East Brunswick, Drainage and Pavement Rehabilitation, Middlesex County
- Route 206, Valley Road to Brown Avenue, Somerset County
- 2. Approval of the 2020 Financial Plan Update to the Route 206 Project in Somerset County Ann Ludwig, Central Staff (Attachment PPC-2)
- 3. Approval of the 2020 Financial Plan Update to the Route 72, Manahawkin Bay Bridges Project Ann Ludwig (Attachment PPC-3)
- 4. Approval of the 2020 Financial Plan Update to the Route 3/Route 46, Valley Road and Notch/Rifle Camp Road Interchange Project, Ann Ludwig (Attachment PPC-4)

## Planning and Economic Development Committee

- 5. Approval of the FY 2022 Unified Planning Work Program Karen Rosenberger, Central Staff (Attachment PEDC-5)
- 6. Support for Adjusted Pavement and Bridge Performance Measure Targets Set by the New Jersey Department of Transportation (NJDOT) Keith Miller (PEDC-6)

## VII. Written Information Items

- 7. Updated Regional Performance Measure Products Keith Miller, Central Staff
- 8. Electric Vehicle Training and Technical Assistance Jennifer Fogliano, Central Staff
- 9. Complete Streets Technical Assistance Peter Bilton and Keith Hamas, Central Staff
- VIII. RTAC Teleconference March 15, 2021 (Tentative)
- IX. Other
- X. Next Meeting: April 12, 2021
- XI. Adjournment

## North Jersey Transportation Planning Authority, Inc.

#### REGIONAL TRANSPORTATION ADVISORY COMMITTEE

Mark Jehnke, Chair Byron Nicholas, Vice Chair

## AGENDA February 8, 2021

#### VII. Written Information Items

# 1. **Updated Regional Performance Measure Products**Keith Miller, Central Staff

A full update of the 2018 Regional Performance Measures scorecard, dashboard, and reports has been completed. The materials have been placed on the NJTPA website, at <a href="https://www.njtpa.org/Planning/Plans-Guidance/Performance-Measures/Regional-Performance-Measures.aspx">https://www.njtpa.org/Planning/Plans-Guidance/Performance-Measures/Regional-Performance-Measures.aspx</a>. They will be used in drafting Plan 2050 and will be shown at the February 16 Joint Committee meeting. RTAC members are encouraged to review and make use of these materials. Please reach out to me at <a href="mailter@njtpa.org">kmiller@njtpa.org</a> if you have any questions.

# 2. Electric Vehicle Training and Technical Assistance Jennifer Fogliano, Central Staff

The NJTPA is in the process of selecting a consultant to: 1) develop technical resources for the Transportation Management Associations (TMAs), subregions and other planning partners to support outreach and education activities to local governments and the private sector regarding electric vehicle adoption and implementation; 2) train the TMAs and subregions in deploying the technical resources related to electric vehicle adoption and implementation; and 3) conduct two technical assistance meetings with one local government and one private-sector employer to promote electric vehicles and related infrastructure. The goal of this effort is to support the adoption of electric vehicles by equipping the TMAs, subregions and other planning partners with the technical resources to support local governments and the private sector.

3. Complete Streets Technical Assistance Program Update Peter Bilton and Keith Hamas, Central Staff

Under Complete Streets Technical Assistance – Phase 2, the Voorhees Transportation Center at Rutgers and the Sustainability Institute at the College of New Jersey provided workshops and technical assistance to eight municipalities: Cranbury, Manville, and Garwood received assistance to plan bicycle networks; and walkable community workshops were conducted in Bradley Beach, Dunellen, Hackensack, and West Orange. Finally, a Crime Prevention Through Environmental Design community workshop was conducted in Franklin Township. Final reports have been completed and will be posted shortly to the NJTPA website at

njtpa.org/completestreets. Continuation of this program into Round 3 has been included in the draft FY 2022 UPWP.

Kathryn A. DeFillippo, Chair Mary D. Ameen, Executive Director

## **Regional Technical Advisory Committee (RTAC)**

Mark Jehnke, Chair Barkha Patel, Vice Chair

## Meeting Minutes December 7, 2020

#### I. Roll Call

RTAC Chair Mark Jehnke, Ocean County, called the meeting to order at 10:30 a.m. Beverly Morris, Central Staff, called the roll and 19 voting members were present.

## II. Approval of Minutes

A motion to approve the minutes of the October 13, 2020 meeting was made by Somerset County, seconded by Essex County, and carried with 18 affirmative votes. Middlesex County abstained.

## III. Information Items

1. Transportation Management Associations (TMAs) Report

Tara Shepherd, goHunterdon, highlighted current TMA activities that advance and expand human services transportation:

- Keep Middlesex Moving provides seniors with transportation options and will issue a report on the status of its COVID-19-related operations.
- RideWise is developing a "one-click" online resource for Somerset County transportation information.
- Cross County Connection created a customized interactive map for Food Bank of South Jersey users that shows locations of food distribution points. The TMA also offers trip planning assistance.
- Greater Mercer TMA is considering recommendations from its report on age-restricted communities in Ocean County, with a special focus on volunteer programs. The TMA plans to issue an Ocean County Mobility Guide and update the Mercer County Transportation Guide.
- Trans Options is brokering human services rides for Sussex County using the Lyft Concierge platform. The service is funded through a pilot grant from NJ TRANSIT and

- will supplement the County's transportation service for seniors, disabled residents and other human services constituents.
- goHunterdon is the lead agency for developing the Hunterdon County Human Services Transportation Plan update and implementing plan recommendations. The TMA continues to facilitate initiatives funded by a Horizon Foundation for New Jersey grant, including free Lyft and taxi rides to medical appointments.
  - 2. Draft FY 2022 Transportation Improvement Program (TIP) Development Schedule

Ann Ludwig, Central Staff, reported that the state's Metropolitan Planning Organizations (MPOs) will meet with New Jersey Department of Transportation (NJDOT) project managers in early January, and the subregions can expect a pre-scored project listing by early February for their review. A fiscally constrained draft Transportation Capital Program is anticipated to be distributed for review by mid-March 2021.

3. Draft FY 2022 Unified Planning Work Program (UPWP) Development Update

Karen Rosenberger, Central Staff, said the draft UPWP was posted to the NJTPA website and emailed to NJDOT, the Board and RTAC. She said comments are requested by January 11 so they can be incorporated into the final draft plan, which will be presented at the February joint Project Prioritization Committee (PPC)/Planning and Economic Development (PEDC) meeting and to the Board for approval in March. An updated program overview and highlights of new activities proposed for FY 2022 were distributed to the RTAC prior to the meeting.

Trevor Howard, City of Newark, asked for the reasoning behind removing site plan review from the work program. Jeff Perlman, Central Staff, explained that these professional reviews are usually funded by municipalities. He said subregional staff may review impacts to transportation, but professional site plan reviews do not advance regional planning. Mr. Howard asked about the site plan reviews for transportation issues. Mr. Jehnke recalled a meeting where this was discussed and clarified that site reviews of impacts related to transportation as a result of development are reimbursable for the FY2022 STP Program. The eligibility of site plan reviews in future STP programs will be evaluated by NJTPA staff in coordination with RTAC. Mr. Perlman offered to discuss the question with Mr. Howard in more detail offline.

## 4. Plan 2050 Development Update

Lois Goldman, Central Staff, announced that the Plan 2050 background paper on transportation technology was posted on the NJTPA Plan 2050 website. She thanked staff members who worked on the paper.

Ted Ritter, Central Staff, said the initial round of outreach for Plan 2050 included virtual public meetings, an online survey and social media interactions. He said responses to this public engagement effort indicate that riders want to see improvements to transit infrastructure and

customer experience. He said other issues of concern are access to transit, a more regional approach to bicycle/pedestrian planning and better consideration for integrated freight planning.

Mr. Ritter said the NJTPA public outreach team conducted specialized events to reach smaller and more varied audiences. Virtual presentations were made at the TransAction conference and to the New Jersey Department of Environmental Protection Environmental Justice Advisory Committee, as well as transportation advisory groups in Union and Morris counties. He said the Voorhees Transportation Center (VTC) team held focus groups with persons reentering society after incarceration and with unemployed residents. He noted that the UpNext North Jersey young adults advisory committee is holding meetings focused on key long-range plan topics.

Mr. Ritter said the December TPA Tuesdays virtual symposium will feature transportation and planning thought leaders who will explore the issue of advancing equitable transportation systems.

Mr. Ritter said 14,000 Plan 2050 bookmarks and flyers are available at public libraries, the Plan 2050 hotline is open, and the outreach team continues to reach out to partner agencies.

Peter Zambito, Central Staff, said a consultant team is preparing to run the financial element model that will provide preliminary data on the region's outlook for transportation funding and expenditures through Fiscal Year 2050. It also will inform the draft financial element chapter of the Long Range Transportation Plan. He asked for volunteers from RTAC to join a technical advisory committee consisting of stakeholders and subject matter experts who will review the draft findings.

## 5. Congestion Management Process (CMP) Working Group Update

Eugene McGuinness, Central Staff, said the CMP working group met in November for the fourth time to discuss the completed equity assessment work and to introduce their next task—strategy assignment. At the meeting, project consultants presented findings from the equity assessment and preliminary work on strategy assignment. The working group includes staff and representatives from member subregions, NJDOT, NJ TRANSIT, the Port Authority of New York & New Jersey, TMAs and neighboring MPOs. Mr. McGuinness said he would circulate the equity assessment to RTAC members later that week for review, and he asked for their feedback. The strategy discussion will continue in the next and final meeting, to be held in early 2021.

## 6. Together North Jersey (TNJ) Initiative

Mr. Perlman said the TNJ task forces are beginning work to update the TNJ plan. They met in October to discuss the current plan and conduct a "Keep It, Change It or Toss It" survey among participating members. He said, to identify major changes or new focus areas and strategies that might be incorporated in the TNJ plan update, a VTC team has collected regional and state plans from across the country issued since 2015.

Mr. Perlman said the VTC team is setting up calls with stakeholders to discuss focus areas and collect information on what is happening at the local level. They are also developing a survey and asking for RTAC assistance.

Mr. Perlman reported that TNJ received 12 proposals in response to its recent solicitation for the Local Technical Assistance Program. Two projects were selected:

- The Town of Dover requested assistance in marketing their downtown businesses to positioning them for recovery as the pandemic recedes.
- The Passaic County Department of Cultural and Historic Affairs wants help to develop a Morris Canal Greenway public engagement plan.

Mr. Perlman said the partnership with the New Jersey Chapter of the American Planning Association continues. Two NJ TRANSIT stations were selected for the second round of the Transit Hub Pilot Program – Essex Street Station in Hackensack and the Fanwood Station on the Raritan Valley Line.

Mr. Perlman also reported that, in partnership with the NJIT Center for Brownfield Assistance, TNJ conducted three brownfields webinars in November that were aimed at municipalities: Brownfield Basics, Brownfields Funding and It Takes a Village. Recordings of these sessions are available on the TNJ website.

The task forces will meet in February to discuss new focus areas and strategies.

## IV. Review of Standing Committee Action Items

Central Staff members briefed the Committee on action items slated for consideration at the December 14, 2020 PPC/PEDC joint meeting:

#### **PPC**

- 1. Minor Amendment to the FY 2020-2023 Transportation Improvement Program to Add the Ferry Slip Reconstruction at the CRRNJ Terminal State Historic Site Phase 1 Eve Chamberlain, Central Staff
- 2. Minor Amendment to the FY 2020-2023 Transportation Improvement Program to Add the Clay Street Bridge over Passaic River Project in Hudson County Eve Chamberlain
- 3. Minor Amendment to the FY 2020-2023 Transportation Improvement Program to Add the Bridge Street Bridge over the Passaic River Project in Essex County Eve Chamberlain
- 4. Minor Amendment to the FY 2020-2023 Transportation Improvement Program to Add Federal Funding for the Portal North Bridge as Requested by NJ TRANSIT Eve Chamberlain

5. Modification to the FY 2020-2023 Transportation Improvement Program to Increase Funding on the Route 27, Dehart Place to Route 21, Union County Project – Eve Chamberlain

#### **PEDC**

- 6. Approval of the North Jersey Transportation Planning Authority Title VI Implementation Plan Update Angel Young, Central Staff
- 7. Support for Public Transit Agency Safety Plan Targets Set by the New Jersey Transit Corporation Keith Miller, Central Staff
- VI. Election of RTAC Officers for 2021-2022 Term

The Committee voted unanimously to re-elect Mr. Jehnke as RTAC Chair and elect Byron Nicholas, Hudson County, as Vice Chair for the 2021-2022 term.

VII. RTAC Teleconference – (Tentative)

Mr. Jehnke asked members to reach out to him or Mr. Nicholas with proposed topics for discussion.

VIII. Next Meeting: February 8, 2021

IX. Adjournment

At 11:35 a.m., a motion to adjourn was made by Hunterdon County, seconded by the City of Newark and carried unanimously.
