
**REQUEST FOR PROPOSALS:
RCIS REFINEMENT AND STRATEGY EFFECTIVENESS
QUESTIONS AND ANSWERS**

Responses to Questions raised at the February 16, 2023 Pre-proposal Meeting, issued on February 17, 2023

A pre-proposal meeting was held by virtual meeting via Zoom on February 16, 2023 to provide a general overview of the Request for Proposals (RFP) for the RCIS Refinement and Strategy Effectiveness project. The following are questions asked by meeting attendees and the NJTPA's official responses.

Question 1: Do you anticipate that all TAC meetings and other presentations will be in-person? Will there be a virtual option?

Response 1: While the logistics of meetings and other presentations will be worked out by the NJTPA and consultant project managers, the NJTPA anticipates that project meetings will likely be either virtual or hybrid. Note that the NJTPA has the capability to host virtual meetings on a variety of platforms, which can be made available for this project.

Question 2: Can you please elaborate on the connection this refinement/effectiveness will have to Together North Jersey Plan update?

Response 2: The updated Together North Jersey Plan was published in 2022, and deals with larger issues beyond just transportation. The RCIS (and the refinement and strategy effectiveness effort) focuses on transportation projects and programs, and is thus more directly related to the Long Range Transportation Plan (LRTP). This project is being conducted in advance of the next LRTP update, anticipated to be finalized in 2025.
