

**NJTPA  
HIGH RISK  
RURAL ROADS  
PROGRAM**

**Siloam Road  
(County Road  
527), from  
Monmouth  
Road to the  
Ocean County  
line, Monmouth  
County**

**Funding awarded:  
\$4,687,360**

**M**onmouth County received a \$4,687,360 grant for this project through the NJTPA's FY 2020 Local Safety Program (LSP). The grant includes funding for preliminary engineering, final design, construction and construction inspection services. The project will improve safety and overall traffic operations along Siloam Road in the municipalities of Millstone and Upper Freehold.

**Project Details**

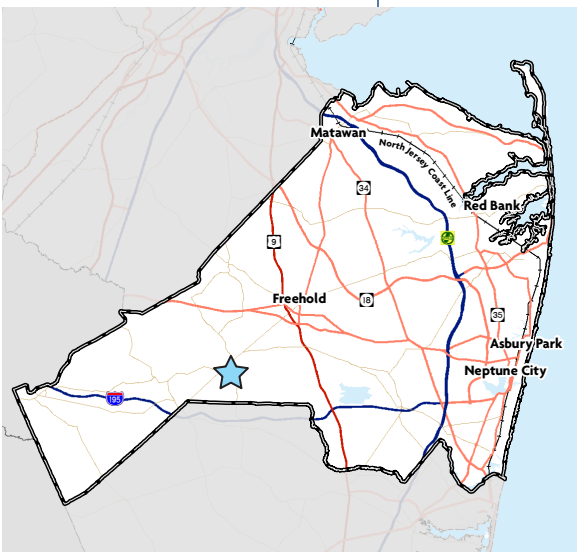

Improvements will include: centerline and edgeline rumble strips, post mounted delineators at horizontal curves, object markers for fixed objects, 8" edge line marking, lighting, safety edge, signs, high friction surface treatment, chevrons, brush clearing and breakaway roadside fixtures.

**About the Project Area**

The project roadway is classified as a rural major collector and has numerous curves within the project limits. Along this 2.84 stretch of roadway are two 4-legged and six 3-legged intersections. The land use surrounding the project area is primarily open space, forest, and some wetlands, with scattered single-family homes throughout.

**The Local Safety Program**

The LSP specializes in cost-effective solutions that can make an immediate impact on their target areas. The LSP is federally funded, utilizing Highway Safety Improvement Program funds. It was established by the NJTPA in conjunction with the Federal Highway Administration and New Jersey Department of Transportation to advance safety initiatives on county and local roads.
