

NJTPA LOCAL SAFETY PROGRAM

East Main Street/ Mendham Road from Tempe Wick Road to Cold Hill Road

Funding awarded:
\$1,885,000

M O R R I S C O U N T Y

Stephen H. Shaw
Morris County Commissioner
NJTPA Trustee

Morris County received a \$1,855,000 grant for this project through the NJTPA's FY 2022 Local Safety Program (LSP). The grant includes funding for preliminary engineering, final design, construction and construction inspection services. The project will improve safety and overall operations at three intersections in the Borough of Mendham and Mendham Township.

Project Description

Improvements will include: a roundabout, streetlighting upgrades, pedestrian signal upgrades, accessible curb ramps, and high-visibility crosswalks. A new traffic signal will be installed at the intersection of East Main Street (CR 510) and Tempe Wick Road (CR 646).

About the Project Area

Tempe Wick Road (CR 646) and East Main Street/Mendham Road (CR 510) are under the jurisdiction of the County of Morris. The project is in a suburban area with a

commercial shopping center and businesses within the corridor. Tempe Wick Road is separated by a teardrop island with no pedestrian features on the island. Both Tempe Wick Road and East Main Street have one lane in each direction. A United States Postal Service office is located on this corner. The area is frequently used by Mendham High School students who park in the shopping center parking lot.

The Local Safety Program

The LSP specializes in cost-effective solutions that can make an immediate impact on their target areas. The LSP is federally funded, utilizing Highway Safety Improvement Program funds. It was established by the NJTPA in conjunction with the Federal Highway Administration and New Jersey Department of Transportation to advance safety initiatives on county and local roads.
